PROFESSIONAL SUMMARY

Detail-oriented Quality Assurance Tester with 4 years and 6 months of experience in end-to-end testing, functional testing, User Acceptance Testing (UAT), regression testing, smoke testing, and defect management for high-traffic e-commerce and government systems. Skilled in validating business requirements, executing test cases, reporting defects using JIRA and Redmine, and collaborating with cross-functional teams in Agile and Waterfall environments to ensure stable and high-quality software releases.

CORE SKILLS

Manual Testing • End-to-End Testing • Functional Testing • User Acceptance Testing (UAT) • Regression Testing • Smoke Testing • Sanity Testing • UI/UX Testing • Web & Mobile Testing • Test Scenario Creation • Test Case Design • Test Case Execution • Requirements Validation • Defect Tracking & Reporting • Defect Management • Bug Reporting • Retesting • Defect Lifecycle • SAP Commerce (Hybris) • JIRA • Redmine • Google Sheets • Documentation & Reporting • Agile & Waterfall Methodologies • Azure DevOps (Basic Knowledge) • AI Tools

PROFESSIONAL EXPERIENCE

Quality Assurance Tester – Nityo Infotech (Aug 2023 – Apr 2026)

- Executed end-to-end testing for web and mobile e-commerce platforms, including product browsing, cart, checkout, payment, and order management.
- Performed order-flow validation using SAP Hybris (SAP Commerce).
- Collaborated with developers, designers, business analysts, and stakeholders.
- Prepared and maintained UAT documentation for deployment and validation.
- Led UAT projects for enhancements and new features.
- Logged, tracked, and validated defects using JIRA to improve release quality.

Software Tester – Prime@ Technology Specialists, Inc. (Apr 2021 – Dec 2022)

- Logged and tracked defects in Redmine.
- Generated comprehensive test evidence across testing cycles.
- Executed test cases and maintained Google Sheets trackers.
- Reviewed system requirements and validated application behavior.

KEY PROJECTS

Migration of Shopify to SAP Hybris

End-to-end testing of web and mobile platforms covering product browsing, cart, checkout, payment, and order management using SAP Hybris.

Digital Asset Management

Tested image and video uploads, publishing workflows, synchronization with Hybris, template banners, and campaign behavior.

Promotion Landing Page Enhancement

Performed UI/UX testing for banners, coupon zones, deals, videos, slides, featured brands, and routing validation.

PPSR Quality Assurance & System Audit

Handled scope and regression testing and validated financial transactions and authentication modules.

EDUCATION

Bachelor of Science in Computer Engineering

Colegio de Montalban | 2015 – 2020

TRAINING & CERTIFICATIONS

- ISTQB Technical Test Analyst Preparation – Board Infinity via Coursera (May 2026)
- The Artificial Intelligence for Communities Workshop – VJAL Institute (April 2026)
- Fundamentals of Risk-Based & White-Box Testing – Board Infinity via Coursera (2026)
- Static & Dynamic Analysis for Technical Testing – Board Infinity via Coursera (2026)
